Get a Step Up on Ladder Safety

The best way to protect your employees—
and your bottom line—is to prevent jobsite accidents.

Some of the most common incidents on the jobsite involve ladders.

Save time and money by preventing ladder injuries...with Black & Company's ladder inspection program. We have assisted many companies within the area of OSHA Regulatory Compliance, through safety services and audits. Through these efforts, our team will identify OSHA-related infractions and assist in compliance solutions proactively!

Schedule an annual visit today! Our ladder experts can conduct a professional inspection of all your plant-wide ladders.

This service includes:

- Step Ladders • Platform Ladders • Step Stools
- Two-sided Stepladders • Extension Ladders • Warehouse Rolling Ladders

— MANUFACTURING STRONGER BOTTOM LINES —

OPERATE^{IN} THE BLACK

CATCH COMMON LADDER PROBLEMS BEFORE ACCIDENTS OCCUR

Our experts help you:

- Choose and spec out the right equipment.
- Find damaged or missing parts.

TRAIN EMPLOYEES TO SAFELY USE LADDERS

Not even the best equipment can prevent falls if employees misuse them. Our experts can provide the training needed for correct usage:

- How high to stand on a ladder
- Acceptable reaching distances
- Choosing the right ladder for the job
- Ensuring safe setup
- Moving safely using three points of contact

*With proper training and proper ladder inspection, you can eliminate ladder injuries. Protect your employees AND your bottom line. Call Black & Company today to **OPERATE IN THE BLACK!***
